

A photograph of a man and a young boy smiling in front of a house. The man is in the foreground, and the boy is behind him with his arms around the man's shoulders. The house has a brown roof and white trim. The sky is blue with some clouds.

# Rebate Catalog

Save money on qualified Home Cooling Systems, Appliances and more.

Read about rebates for your home and business at [mid.org/rebates](http://mid.org/rebates)

## How to apply

Modesto Irrigation District (MID) offers rebates on many energy-efficient products and improvement for your home. When you purchase and install these products, you can save energy and money while reducing your impact on the environment. Learn more at [mid.org/rebates/home](http://mid.org/rebates/home)

1. Read the Terms and Conditions at [mid.org/rebates](http://mid.org/rebates) to determine if you are eligible for a rebate.
2. Locate the item(s) that you are applying for in this catalog. Be sure to review the important qualification information.
3. Purchase and install the qualifying product(s) in your home between November 1st the prior year and December 15th of the current year, unless otherwise noted.
4. Complete and submit your application. All applications must be received within 90 days from date of purchase.

Please send completed forms and required documentation with proof of purchase to:

MID Energy Services  
PO BOX 4060  
Modesto, CA 95352

## More ways to save

Visit [mid.org](http://mid.org) for energy conservation tips and ideas in addition to rebates, MID offers a wide range of ways to save energy, money and help the environment.

Visit your online profile to view in depth information regarding your account to start on the path to an energy efficient home.

MID also offers several financial and medical discount programs for customers who qualify. Visit [mid.org/yourhome/programs](http://mid.org/yourhome/programs) to see if you are eligible.

# HOME COOLING

## Central Air Conditioner / Heat Pump

### REQUIREMENTS

- A California State License Board contractor in good standing with a C-20 license must perform installation.
- Brand name and model numbers must be included on invoice.
- Unit must be listed (Active Status) on the Consortium for Energy Efficiency (CEE) Directory of Efficient Equipment ([www.ahrinet.org](http://www.ahrinet.org)).
- Split systems require installation of matching (indoor) coil.
- Split systems using water/evaporative-cooled condensers may be eligible provided the air conditioning system has a current AHRI Certificate of Product Ratings. MID will determine qualification of rebate.
- For rooftop installations, customer must provide code-compliant access for MID inspection.

### DOCUMENTS NEEDED

1. Application
2. Proof of purchase with Brand Name and Model Numbers
3. Current AHRI Certificate of Product Ratings ([www.ahrinet.org](http://www.ahrinet.org))
4. A copy of the permit (city or county, as applicable) is required

### EXCLUSIONS

- Rebate is limited to two (2) A/C units per household.
- Maximum cooling capacity 65,000 Btu/h (5 Tons) per unit.

### OTHER INFORMATION

Rebate given for replacing an existing home air conditioner or adding a new unit.

### WHICH TIER IS MY UNIT?

Check the requirements below to find out the CEE Tier of your Air Conditioner or Heat Pump.

#### CEE Tier 1

Split Systems must have at least these ratings  
SEER: 15.0, EER: 12.5, HSPF 8.5

Packaged Units must have at least these ratings  
SEER: 15.0, EER: 12.0, HSPF 8.2

#### CEE Tier 2

Split Systems must have at least these ratings  
SEER: 16.0, EER: 13.0, HSPF: 9.0

Packaged Units must have at least these ratings  
SEER: 16.0, EER: 12.0, HSPF: 8.2

#### TERMS

SEER = Seasonal Energy Efficiency Ratio  
EER = Energy Efficiency Ratio  
HSPF = Heating Seasonal Performance Factor (on heat pumps only)

USEFUL LIFE PERIOD: 11 years

## General Improvement

### Attic Insulation

**i** Rebate only available in homes with electric heat pump or resistance baseboard heating as the primary heating source.

#### REQUIREMENTS

- Must have pre-retrofit insulation level of R-11 or less.
- Final insulation level must be R-30 or greater.
- When adequate attic crawl space is not available (24 inches from ceiling joist to roof rafters), the minimum purchased insulation level must be R-19.
- Garages and other non-living areas do not qualify.

**17¢**

REBATE PER SQUARE FOOT

REBATE ID HG301

USEFUL LIFE PERIOD: 20 years

### Radiant Barrier

#### REQUIREMENTS

- Residence must have central air conditioning system (portable A/C units and evaporative (swamp) coolers do not qualify).
- Rebate applies to square footage of central air-conditioned space of the first floor only.
- Must have a radiant heat rejection rating of 95% or greater and must meet ENERGY STAR® emissivity requirements.
- Radiant barrier applied to roof sheeting, attached to rafters or laid over existing attic insulation.

#### OTHER INFORMATION

- Can be installed by a contractor or self-installed by homeowner.
- Conventional architectural overhangs are allowed in the square footage.
- Maximum rebate \$500.

USEFUL LIFE PERIOD: 11 years

### ENERGY STAR® Room Air Conditioner

#### EXCLUSIONS

- Limit 2 ENERGY STAR® qualified Room Air Conditioner rebate per household within an 9 year period.

**\$50**

REBATE PER UNIT

REBATE ID HA201

USEFUL LIFE PERIOD: 9 years

### Electric Water Heater (Tank)

#### REQUIREMENTS

- Must have an Energy Factor (EF) of .96 or greater.
- Water heater must be 40 gallons or greater.

#### EXCLUSIONS

- Instantaneous/tankless water heaters do not qualify.
- Limit 1 qualified Electric Water Heater rebate per household within a 15 year period.

**\$75**

REBATE PER UNIT

REBATE ID HA203

USEFUL LIFE PERIOD: 15 years

### ENERGY STAR® Heat Pump Storage Water Heater

#### REQUIREMENTS

- Must qualify as an Energy Star® Heat Pump Water Heater see <https://www.energystar.gov/productfinder/product/certified-water-heaters/> for a list of qualified heat pump water heaters.
- Must replace electric tank storage water heater.
- Must have a Uniform Energy Factor (UEF) of 2.2 or greater
- Must have a capacity greater than 40 gallons.
- Must be installed outside the air-conditioned living space such as attic, garage, crawlspace or unheated/unfinished basement.

#### EXCLUSIONS

- Limit 1 ENERGY STAR® qualified Heat Pump Water heater rebate per household within a 10 year period.

**\$500**

REBATE PER UNIT

REBATE ID HA206

USEFUL LIFE PERIOD: 10 years

### Refrigerator / Freezer Recycling

#### REQUIREMENTS

- \$35 rebate check per qualifying refrigerator and/or freezer.
- Applicant must be a Modesto Irrigation District Residential Customer.
- Applicant must own the appliance.
- Refrigerators and freezers must be regular household size (10-30 cubic feet)
- Appliance must be in working (cooling) order, empty, clean and plugged in at the time of pick up
- Appliance will be picked up at no charge from your Modesto Irrigation District billing account address
- Two units maximum per household and program year.
- Rebate check will be mailed within six weeks after appliance pick up

**\$35**

REBATE PER UNIT

# WINDOW SUN SHADING

## Sun Screen & Window Film

### REQUIREMENTS

- Number of sunscreens or window film and square feet installed must be included on invoice.
- Must be installed according to the manufacturer's instruction on south, east or west facing windows (any direction except 45 degrees of true north). Qualification of marginal orientations and/or circumstances is subject to the sole discretion of MID.
- Must be installed in space conditioned by refrigerant-based air conditioning (central, window or wall unit).

**WINDOW FILM:** Must have a SHGC of .39 or less

**SUN SCREENS:** Must have a SHGC of .35 or less

### EXCLUSIONS

- Windows must not be shaded by existing awnings, exterior curtains or blinds or any other shading device.
- Must cover the entire window aperture.
- Sun Screen:
  - » Must have a rigid frame and be attached to the window perimeter.
  - » Awnings and interior window treatments (curtains, blinds and shutters) are not eligible for Sun Screen rebate.

## ENERGY STAR® Replacement Window

### REQUIREMENTS

- Number of windows and square feet installed must be included on invoice.
- Must replace existing windows with new high performance dual pane ENERGY STAR® qualified windows.
- Must be installed according to the manufacturer's instruction on south, east or west facing windows (any direction except 45 degrees of true north). Qualification of marginal orientations and/or circumstances is subject to the sole discretion of MID.
- Windows must have a U-factor of 0.30 or less, and a Solar Heat Gain Coefficient (SHGC) of 0.25 or less, which are the ENERGY STAR® performance criteria for windows in the South Central climate zone.
- Must be installed in space conditioned by refrigerated air conditioning (central, window or wall unit).

### DOCUMENTS NEEDED

1. A copy of the NFRC sticker from the window for each window type must be included with the application.
2. Manufacturers specification sheet.
3. Itemized Invoice.

### OTHER INFORMATION

- See [www.energystar.gov](http://www.energystar.gov) for a listing of participating retailers.

# POOL FILTRATION PUMP

## ENERGY STAR® Variable-Speed Pool Pump and Motor

### REQUIREMENTS

- All manufacturer installation requirements must be followed.
- Permit required if electrical upgrades required.
- Only variable-speed units are eligible for rebate.
- See [www.energystar.gov](http://www.energystar.gov) for a list of qualified units.
- Equipment and materials must meet or exceed all applicable local, state and federal standards.
- Must be installed on new or existing residential in-ground swimming pools for primary filtration only.

### EXCLUSIONS

- Above-ground pool, pond, pool cleaner booster, spa and water feature pumps and rewinding of motors do not qualify.
- Cannot exceed three horsepower.
- Replacement units must be of equal or lesser horsepower than existing single or two speed pump and motor (retrofit only).
- Limit of 2 qualified Energy Star® Variable Speed Pool Pump & Motor within a 10 year period.
